PART 11

Note:

A Permit is required for importation of pulses, sugar in bulk, livestock, eggs, milk (more than 10 litres) all types of meat (more than 10kg), bread (more than 5 loaves), fruits/vegetables (more than 2kg), habit-forming drugs, firearms, ammunition and liquor.

It is in your interest and that of Lesotho that this form should be completed accurately. This will ensure that Lesotho obtain its rightful shares of both the Common Customs Revenue Pool and VAT refunds.

It is a Criminal offence to make false declaration. Falsely declared goods and services and the means of transport carrying them will be subject to detention by RSL officials and the customer penalized over and above simply the detention of the goods and means of transport.

There are no **PHOTOCOPYING FACILITIES AT THE BORDER POSTS.** Importer should arrange for at least two copies of the documents to be made **BEFORE** arrival at the border.

The procedures communicated in this document are as agreed between RSL and SARS to facilitate payment of VAT refunds directly to RSL. Invoices not complying with the conditions laid out in this form shall not be accepted under the arrangement for VAT refund purposes. To avoid the resultant revenue loss, RSL will expect all holders of unacceptable invoices to pay cash at the borders. Your understanding and cooperation in this regard will therefore be appreciated .
