

Extension of e-TCC Validity Period to 12 Months

Maseru, Lesotho – 16 April 2026 - Revenue Services Lesotho (RSL) is pleased to announce the extension of the validity period of the Electronic Tax Clearance Certificate (e-TCC) from six (6) months to twelve (12) months, effective April 2026.

The e-TCC is an online platform that enables taxpayers to apply for, view, download, and print their Tax Clearance Certificates instantly. This service forms part of RSL's ongoing digital transformation agenda, aimed at improving service efficiency and enhancing automated tax compliance verification. The platform is accessible to compliant taxpayers with no outstanding tax liabilities, allowing for a seamless and convenient clearance process.

Previously, the 12-month validity period was only applicable to priority clients. However, following a significant increase in the tax base, driven by both new registrations and previously non-compliant taxpayers joining the system. RSL identified the need to improve service delivery and reduce administrative delays associated with frequent renewals.

The extension to a 12-month validity period is therefore a strategic intervention designed to:

- Reduce the administrative burden on taxpayers
- Improve turnaround times and operational efficiency
- Support businesses and individuals requiring continuous tax clearance throughout the year
- Enhance overall taxpayer experience

This improvement means that eligible taxpayers will no longer need to apply for tax clearance twice within a year, thereby allowing for uninterrupted participation in business opportunities that require valid tax compliance certification.

RSL remains committed to providing efficient, innovative, and taxpayer-centric services that support economic growth and voluntary compliance.

-Ends-
